Business Plan 2023 - 2025

Our Commitment

The Churchlands Primary School Business Plan 2023 - 2025 encompasses a whole school commitment in creating opportunities for every child to be challenged to achieve their full potential.

We understand and acknowledge the impact and influence we have, and this is central to the development of evidence-based programs, processes and curriculum delivery that challenges every student to be independent, resilient students who understand themselves as learners.

Churchlands Primary School has a reputation for high academic performance, community engagement and commitment to educational and social emotional growth for all students which comes from a focus on collective voice. We have a strong focus on *Teaching for Impact* and *Quality Teaching* and encompass the highly effective teaching practice through the beliefs, the knowledge and practice of our teachers.

Our whole school pedagogy is developed around continuous cycle of improvement which sits at the heart of our teaching and learning approach. We generate opportunities for students to build on their strengths; to be respectful, resilient, engaged and excel as valued citizens and supporting them to be successful individuals. We are committed to building genuine partnerships with our parents and community. These relationships continue to support the strong school culture of trust and respect.

Our Business Plan communicates to staff, parents and the community the strategic direction of our school and a shared commitment to deliver educational excellence for the future direction of Churchlands Primary.

Respect

We show care and kindness for ourselves, each other, and the environment.

Resilience

We keep persisting when we are challenged by bouncing back and demonstrating a growth mindset.

Engage

We are collaborative and curious about all aspects of our learning and the world around us.

Excel

We set goals for ourselves and are motivated to achieve them.

Our Core Values

Business Plan *2023 - 2025*

Churchlands Primary Schools' self-assessment cycle is a reflective, rigorous and strategic process to ensure relevant and effective judgements are able to be made about our performance on academic and non-academic achievement. We use the *Plan, Teach, Assess Cycle* to ensure we are continually making progress and embedding sustainable and effective change as required in line with our curriculum improvement plan.
